CERTIFICATION

I, Robert P. Marasco, Municipal Clerk of the City of Newark, New Jersey, in compliance with the provisions of N.J.S.A. 40:69A-187, have caused to have examined a referendum petition protesting adoption of City Ordinance 6S & FC (approved March 7, 2003, relating to the Water Optimization Plan, Lease and Agreement between the City of Newark and the Newark Infrastructure Management Corp.), filed with the Office of the City Clerk on March 27, 2003.

I do hereby certify that said petition is insufficient in that it is supported by an insufficient number of signatures. A referendum petition must be supported by "at least 15% of the total votes cast in the municipality at the last election at which members of the General Assembly were elected."

The Essex County Clerk has formally advised the Office of the City Clerk in writing that a total of 43,917 votes were cast by voters of the City of Newark at the last General Assembly Election held in the year 2001. Therefore, as a threshold matter, any referendum petition is required to be supported by the signatures of at least 6,588 qualified voters. Given the insufficiency of the number of supporting signatures, I make no determination at this time whether said referendum petition is otherwise proper in form and/or subject to referendum.

I do hereby further certify that I have caused at least two members of the Committee of Petitioners to be promptly notified in writing of my findings.

IN WITNESS WHEREOF, I have hereunto set my hand and seal this 2nd day of April, Two Thousand and Three.

City Clerk
